

Coastline Community College
Military Program
 Associate in Arts (AA) Degree
 Major: Computer Networking: Cisco

The Computer Networking major prepares an individual to become a Computer Networking Specialist in Cisco. Coastline's Networking courses are designed to provide students with the knowledge and hands-on experience required by the Cisco Certified Network Administration (CCNA) certificate. Military IT specialist such as Navy ITs and Army MOS 25Bs will have satisfied most of the core requirements of the major leaving only the program elective courses.

0Courses denoted in **bold** are available online through Coastline's Military Program. Other course requirements may be met by coursework completed at another regionally accredited institution and ACE recommended credits.
