

Coastline Community College
Military Program
Associate in Arts (AA) Degree
Major: Small Business Ownership

The small business sector is one of the fastest growing in the nation's economy. With an ever-increasing number of adults today self-employed, many either work for a small business or plan to start one of their own. This major can help prospective entrepreneurs launch new ventures or if already an entrepreneur with an established business can strengthen the managerial and business skills necessary to grow and succeed. Some servicemembers specialize in service related jobs where they perform small business related functions, such as Navy Storekeepers (SKs) and Ship's Serviceman (SHs) and they have military credit that will count toward this major.

Courses denoted in **bold** are available online through Coastline's Military Program. Other course requirements may be met by coursework completed at another regionally accredited institution and ACE recommended credits.
